

DISPOSABLE 3-PLY FACE MASKS (PACK OF 50)

SKU: M-FM-3PLY

Our disposable 3-ply paper face masks are manufactured to the highest quality and standards with official testing showing 95.5% of all particles and pathogens being filtered by the mask. Suitable for males and females and any size head the non-medical masks are soft and comfortable to wear with elasticated ear attachment and a thin PE (plastic) band across the nose to provide a more snug fitting mask. The material is resistant to colour transfer, is PH balanced and formaldehyde free. They are also manufactured to have a high tensile strength to ensure they do not easily rip during use.

SPECIFICATION
