## Why Digital ID?

We recognise the industry we are in and the green responsibility we have.

Reducing our impact on the environment has gone from a “nice-to-have” to a “need-to-have”.

Since 2018, we’ve actively sourced environmentally sympathetic alternatives to all our plastic products with the aim to reduce the requirement of single-use plastics within the event sector supply chain.

We’re committed to becoming a truly sustainable business and look forward to helping you on your journey.

# Sustainable Initiatives

Our initiatives aren't just a marketing stunt, their etched into our values.

The goal of each initiative is to reduce our own and our customers CO2 footprint. Here's how:

Partnering with Magicard, the UK's only card printer manufacturer, we've planted over 10,000 new trees', boosting reforestation projects across the UK.

Switching from Polyester to RPET stopped 6.5 million plastic bottles going into our oceans and landfill sites by reusing and recycling them into the fabric used across our entire lanyard and wristband range.

We were the first company in the UK to achieve Carbon Neutral Britain Certification on our range of EcoPass access control cards. By encouraging customers to make the switch, we've offset 46 tonnes of CO2 emissions.

We ship our goods in corn-starch packing and our network of couriers and delivery partners are handpicked to ensure they portray the same sustainability values as ourselves.

## Accreditation Printers

Our diverse range of accreditation printers is sourced from leading manufacturers globally, designed to meet the stringent requirements of modern accreditation processes, ensuring security, efficiency, and high-quality.

### Zebra ZC10L Large Format DTC Printer

- Create personalised oversized badges and passes
- Print a full-colour card in 18 seconds
- 2 years or 20,000 card manufacturer warranty

### MagiCard E+ Event Printer

- Manufactured in the UK
- Print a full-colour 85.6mm x 54mm card or pass
- 2-year manufacturer warranty

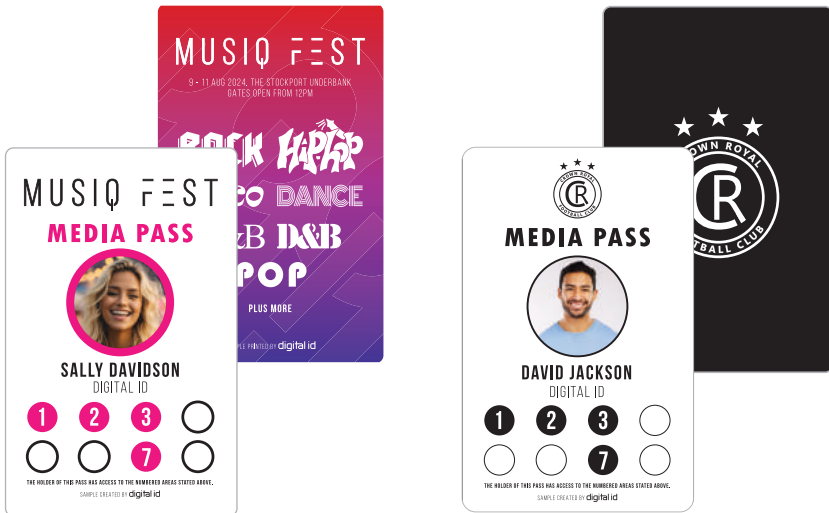

## Passes & Badges

We specialise in supplying a diverse array of passes, badges and cards tailored to specific needs. From secure accreditation passes that meet the highest standards of verification to bespoke passes crafted with precision to reflect your unique brand identity. Not forgetting the traditional photo ID cards that seamlessly combine security and personalisation for staff, visitors and contractors.

## Accreditation Passes

Our accreditation passes can be supplied blank allowing you to personalise and print on-site or passes can be pre-printed in advance of an event via our in-house team. Passes are available in full colour, monochrome, single or double slot punched and are supplied at the standard 88mm x 140mm.

## Bespoke Passes

Bespoke passes can be supplied fully printed prior to an event or pre-printed leaving a blank white space of 86 x 54mm allowing the pass to be personalised on the day with the inclusion of a photo and a name. Passes can be slot punched for use with a Lanyard or displayed using a bespoke Lanyard and Gripper solution as shown.

## Photo ID

Our ID card bureau service allows you to order standard CR80 size photo ID cards that measure 86mm x 54mm, the same size as a standard credit card. With no expensive equipment, software, or training costs, it offers a flexible straightforward solution to your ongoing ID card requirements.

## RPET Lanyards

Manufactured from recycled plastic bottles (rPET material) every Lanyard we supply is ethically sourced through our network BSCI-compliant partners. This solution stops over 2 million plastic bottles a year ending up in landfills or our oceans and aside from giving plastic a second life, the production process is less harmful for the environment and uses less energy too. It's the most sustainable and efficient lanyard offering available.

## Plain Lanyards

A simple, effective, and reusable solution, available in 10+ colours.

Black

Red

Light Blue

Orange

Purple

Navy Blue

## Pre-Printed

Ready for immediate use and an effective way to identify anybody on-site.

Visitor Lanyard

Staff Lanyard

Contractor Lanyard

First Aid Lanyard

VIP Lanyard

Security Lanyard

---

## Personalised Lanyards

Add a design, logo or text, tailored to the specific event requirements or branding needs.

## Wristbands

Our wristband range includes rPET wristbands, meticulously crafted from recycled plastic bottles, reducing environmental impact. For those who prefer a natural touch, our paper wristbands offer a simple solution, with a lightweight feel, they're perfect for various events and applications.

## Security Bag Tags

An effective and easy-to-use deterrent that serves as a security measure by helping to track and match bags with their owners, reducing the risk of loss or theft.

## What's Next

We know procuring sustainable and eco-friendly products is becoming increasingly important which is why we're here to help.

We've helped numerous organisations fast-track their sustainability goals and we'd love you to be next.
